

This workbook has both a paper and a Jupyter notebook submission.

1. Exercise 6.1
2. Exercise 6.2 Two-part submission:
 - Paper: Before writing the code for this exercise, write your algorithm as pseudocode for part (a). Only do the Gaussian elimination with partial pivoting. No need to do backsubstitution.
 - Jupyter notebook submission for the rest of the problem.
3. Exercise 6.4
4. Exercise 6.5
