

This workbook has both a paper and a Jupyter notebook submission.

1. Exercise 5.5
2. Exercise 5.6
3. Exercise 5.12 (Use $T = 500$).
4. Exercise 5.13* (For c, use the Simpson's method with $N = 200$). Two-part submission:
 - Paper: Before writing the code for this example, write your algorithm as pseudocode for part (a).
 - Jupyter notebook submission for the rest of the problem.
